About Us.

ABG Group is a trusted multi-service organization with a proven track record in facility management, HR solutions, and corporate services across India. With the growing need for sustainable practices in the workplace, we have expanded into the supply of eco-friendly cleaning solutions and hygiene essentials – offering a smarter, safer, and greener alternative to conventional products.

At the heart of our new supply vertical is a simple yet powerful mission: To help businesses maintain clean, healthy spaces without compromising the environment.

Our bio-enzyme cleaning products and premium tissue paper solutions are designed for corporates, institutions, and industrial setups that care about the planet as much as they care about performance.
